## Hammer Stress Toy

There are certainly days when the idea of hitting your computer monitor with a hammer brings a smile to your face. However, if you were to actually do something like that you might quickly be escorted out of the building. You can avoid that kind of embarrassment with the Hammer Stress Toy. Since this hammer is made out of soft foam, you can release all of your stress without damaging a thing. When it comes to stress relief, the hammer nails it.

**Hammer Stress Toy Details:** 5 3/8" long, 3 1/4" wide, 7/8" thick, soft squishy foam, gray and black.
